CA Office Design's Series 1 & 2 Cubicle Systems

COD's Cubicle Systems are designed to stand alone, be interchangeable with, or work in tandem with Herman Miller® Action Office® Series 1 and 2 product. They are manufactured in accordance with the specifications provided by CA Office Furniture & Design and based on the requirements of each customer.

Affordable Alternatives to OEM Systems

The practical design and durable construction make them one of the best values on the market today. They are UL listed and backed by a 10-year warranty like OEM systems, yet they are significantly lower priced.

Uniquely designed to fit your requirements:

CA Office Design encourages open plan designs, with the possibility of as much collaboration as possible, whilst still creating privacy where necessary. By using color and light with collaborative design principles, employee conditions can be enhanced significantly & productivity improved. A properly designed layout does not have to cost more. Let us do it together!

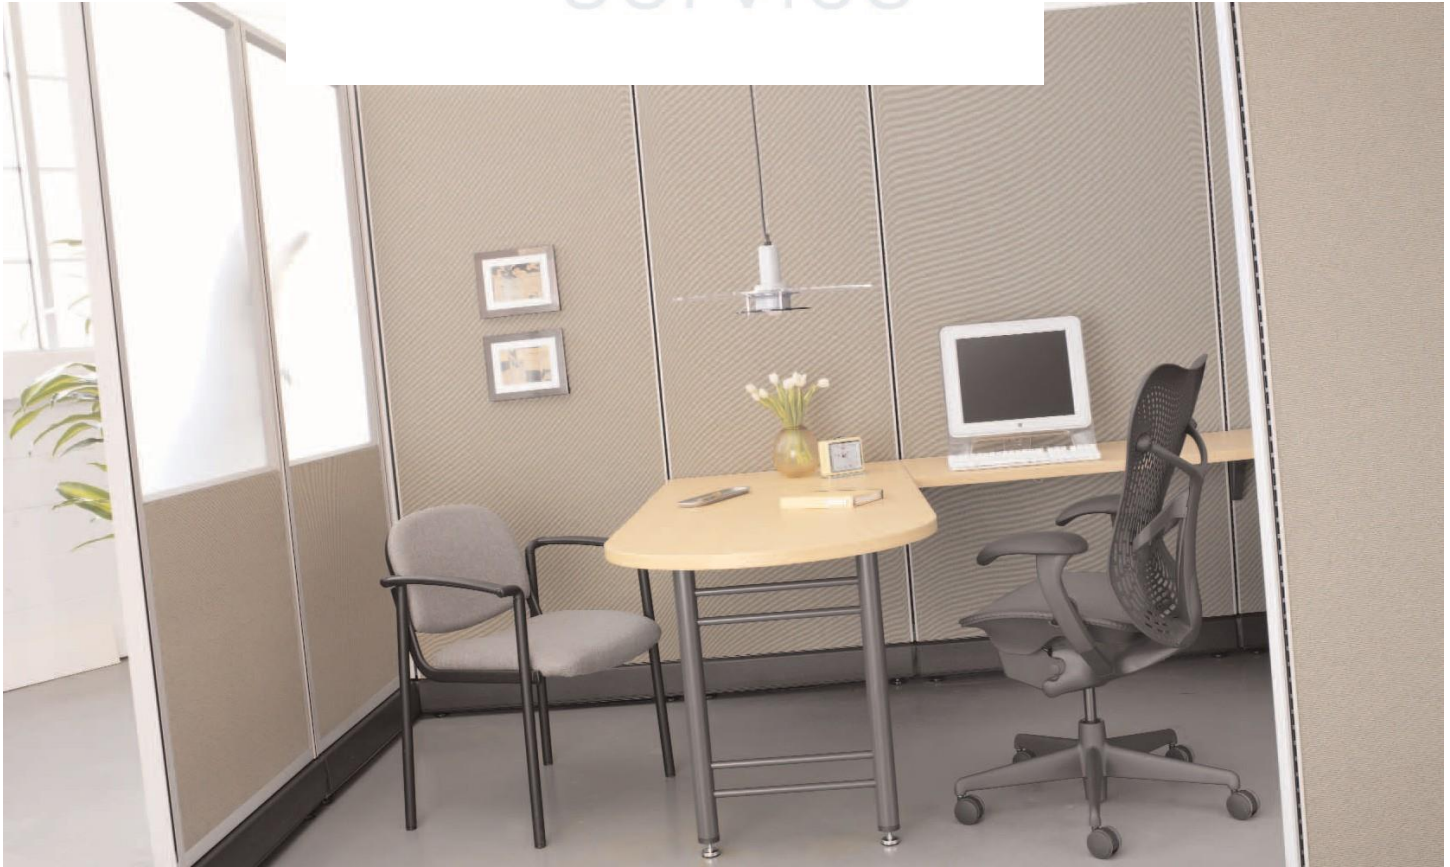

Simple, But Not Limited

The COD Series 1 & 2 Systems can be configured to create a work space for any employee, and are available in an array of colors and finishes. There are also slight differences between the two lines. Series 2 is more enhanced with improved upgrades, a slightly softer look and an upgraded wire management base, electrical system, edge detail, and flipper door style.

Designed to your Space & Requirements

- Serpentine or Collaborative
- Private or Open
- Multiple Color / Finishing Options
- Glass or Solid
- Height Adjustable / Sit-Stand Desks

Paper management is designed to create added workspace for the office environment. Paper trays and sorter trays, and binder, CD, and pencil holders create a more efficient workspace.

Spanner work surfaces that join two workstations allow for interaction and collaboration with co-workers. Special shapes and sizes can be made upon request.

Series 2 wire management is 5" high, creating room for power and virtually all cabling requirements. Available in Dark Tone, Medium Tone or Innertone Light.

Series 1 wire management is 3" high and comes standard in Dark Tone or Medium Tone.

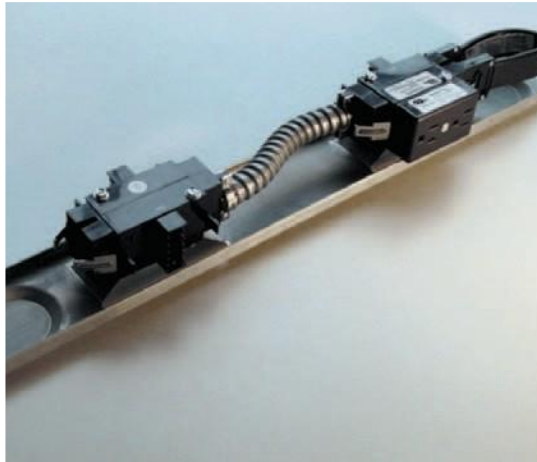

Work surface edge details are available in a durable, vinyl T-mold on Series 1 radius edge work surfaces. Series 2 style work surfaces have a square edge with a 3mm PVC edge band.

Partial glazed panels are available with clear, smoked or frosted acrylic.

A Full Range of Storage Options

Series 1 and Series 2 furniture systems provide a full range of storage options. Pedestals come in 4 paint finishes and can be keyed alike. Select matching lateral files, file centers, bookcases, or two-door storage cabinets.

Tower storage cabinets are a new option. They are available in a variety of configurations including a wardrobe with cabinet/box/box/file, bookcases, and 2-door storage cabinets. Radius and square edges with corresponding pulls offer you the style that fits your workspace.

Rod and block panel connections allow for easy and efficient installation. In-line connectors provide a clean, visually pleasing appearance.

CFD's Series 1 electric is a 3-circuit / 6-wire system that features OEM compatible power entry, festoons, electrical harness, and receptacles.

Series 2 electric features a 4-circuit / 8-wire system that allows for an isolated, dedicated circuit.

Overhead storage units can be fabric covered or metal.

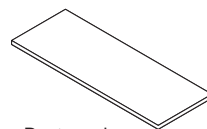

Pedestals are available in 4 standard colors.

- Black
- Medium Tone
- Light Grey
- Innertone

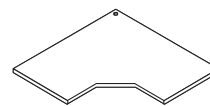

They are configured with box/file, box/box/file, or file/file, and can be work surface supporting, freestanding or mobile.
